A Manufacturer, *Not a Middleman.*

Qadri Sports is a dedicated private-label manufacturer of hunting, shooting and outdoor apparel, based in Sialkot — Pakistan's apparel and sporting-goods capital. For over twelve years we have produced garments under our clients' own brands: their logo, their labels, their packaging, our craftsmanship.

We are not a trading company or a broker. Every order is made inside our own facility, by a team that understands what serious hunting and outdoor gear demands — sealed seams, articulated fit, durable hardware and fabrics built for the field. From 30-piece startup runs to 5,000-piece annual reorders, every brand is treated as if it were our own.

12+ YEARS EXPERIENCE	60+ BRANDS SERVED	30+ COUNTRIES SHIPPED
200K+ GARMENTS MADE	30 PIECES MIN. ORDER	25+ IN-HOUSE DEPTS

MISSION

Your Brand, *Built Right*

To give small and growing brands access to factory-direct, field-grade manufacturing — without the high minimums or hidden middlemen.

PROMISE

Made by *Hand & Eye*

Run by people who learned this craft on the floor. We know what a good seam feels like, because we have sewn one.

From the *Factory Floor* to His Own Factory.

Qadri Sports didn't begin with money or machines. It began with a young graduate — Hammad Ahmad — who had nothing but a dream and the courage to start at the very bottom of someone else's factory, learning this craft one stitch at a time.

● 2012

The beginning

Fresh out of university, with no factory and no fortune — only a dream. His closest friends already ran a hunting-apparel factory; instead of an easy seat, he asked for the hardest job on the floor.

● 2013

Learning, day & night

He lived beside the machines — cutting, stitching, learning fabric by touch. While others went home to rest, he stayed back with the needle and thread, earning a craft, not just a wage.

● 2014

Qadri Sports is born

With the craft finally in his hands, he founded Qadri Sports — built not on money, but on everything he had earned through sweat, patience and heart.

● 2021

60+ brands worldwide

From a one-man workshop to a trusted partner for 60+ brands across 30+ countries — yet every order is still treated as if it were his very first.

"I started at the very bottom of someone else's factory, with nothing but a promise to learn. Every garment we make still carries that same heart. When you order from us, you're trusting the hands that built this from nothing."

HAMMAD AHMAD — FOUNDER & CEO

What We *Do*.

A complete private-label service — from your sketch or sample to a retail-ready, branded product delivered to your door.

OEM

OEM Manufacturing

You bring the design or tech pack; we engineer and produce it to spec under your brand.

ODM

ODM / Design Service

Start from our proven blocks and styles — we develop the product with you from concept up.

PRIVATE LABEL

100% Private Label

Your logo, woven labels, hang tags and packaging — only your brand appears, never ours.

CMT

Cut, Make & Trim

Supply your own fabric and trims; we handle precision cutting, construction and finishing.

Customisation, End to End

- ✓ **Fabrics & Membranes**
Softshell, fleece, ripstop, waterproof-breathable laminates and camo prints.
- ✓ **Labels & Tags**
Woven main labels, care labels, custom hang tags and size sets.
- ✓ **Branding & Logos**
Embroidery, heat-transfer, screen & sublimation printing, woven patches.
- ✓ **Packaging**
Poly-bags, branded boxes and retail-ready presentation to your spec.

What We *Make*.

Five core categories — each fully customisable and produced under your own brand label.

FIELD · CORE RANGE

01

Hunting *Apparel*

Jackets, trousers, camo suits and ghillie suits — engineered with sealed seams, articulated fit and field-grade fabrics for serious conditions.

RANGE DAY

02

Shooting *Vests*

Skeet, clay and range vests with recoil padding, mesh ventilation and shell pockets — built for comfort through long days at the range.

ON THE WATER

03

Fishing *Apparel*

Wading jackets, vests and quick-dry technical layers built to perform on and around the water in every condition.

LIFESTYLE · TEAM KIT

04

Outdoor & *Sportswear*

Hoodies, tracksuits, fleece and softshell — fully sublimation-ready for all-over custom prints and team kits.

CARRY

05

Backpacks & *Gear*

Hunting packs, hydration systems and range bags with custom branding, rugged hardware and durable, weatherproof fabrics.

Everything Under *One Roof*.

25+ specialised departments mean we control quality from raw fabric to export carton — no outsourcing, no surprises.

- Shade Verification
- Quality Control
- Final Inspection
- Packing
- Warehouse
- Export Dispatch

Concept to *Delivery.*

A clear, structured process so you always know exactly where your order stands.

01 Inquiry & Consultation

Share your idea, sketch, or reference sample. We advise on fabric, construction and pricing.

02 Tech Pack & Costing

We prepare a detailed tech pack and a transparent quotation — no hidden charges.

03 Sampling

A pre-production sample is made for your fit, quality and branding approval.

04 Approval & Sign-Off

You review and approve. Nothing goes to bulk until you are completely satisfied.

05 Bulk Production

Your order runs on dedicated lines with in-process quality checks throughout.

06 3-Stage Quality Control

In-process, pre-packing and final AQL inspection before anything ships.

07 Packing & Worldwide Export

Retail-ready packing with FOB Sambrial or DDP delivery to your door.

Built to *Be Trusted.*

Quality is checked at every stage — and our business is fully registered, transparent and confidential by default.

STAGE 1

In-Process

Operators and line QC catch issues as garments are built.

STAGE 2

Pre-Packing

Measurements, stitching and branding verified before packing.

STAGE 3

Final AQL

Statistical final inspection before every single shipment.

In-House Lab & Testing

Fabric strength, shrinkage, colourfastness and shade verification are checked in-house — so performance is proven before bulk, not after.

Registered & Confidential

● SECP Registered

● Active NTN — FBR

● NDA Available

● 100% Private Label

● Ethical Manufacturing

● Worldwide Shipping

Your designs, samples and brand information stay strictly confidential. We are happy to sign a Non-Disclosure Agreement before any project begins, and we never display client work without permission.

Why Brands *Stay*.

- ✓ **Low Minimums**
Start from just 30 pieces per style — ideal for new and growing brands.
- ✓ **Specialist, Not Generalist**
Hunting & outdoor apparel is our craft, not a side line.
- ✓ **Consistent Bulk Quality**
What you approve in the sample is what ships in bulk.
- ✓ **Factory-Direct Pricing**
No middlemen, no broker margins — you deal with the maker.
- ✓ **Fast, Clear Communication**
Replies within 24 hours, progress updates throughout.
- ✓ **Treated As Our Own**
Owner-led care on every order, large or small.

Markets We Serve

We manufacture for brands across North America, the United Kingdom, Europe, Scandinavia, the Gulf, Australia and beyond — from boutique labels to established distributors. With a registered USA office and DDP shipping worldwide, working with us feels local wherever you are.

Sustainability Commitments

- Low-Waste CAD Cutting
- Responsible Fabric Sourcing
- Fair, Safe Workplace
- Reduced-Plastic Packaging

— LET'S WORK TOGETHER

Let's Build Your *Brand.*

Send us your idea, sketch or sample. We'll turn it into a retail-ready product under your label — from just 30 pieces. A detailed quote follows within 24 business hours.
